

THE GRACE COMPANY

Fine Quilting Frames – 2013 Retail Price List

Grace Frames are known for their smooth gliding carriage and track system. The Professional Series Carriage ensures precise and accurate movement, perfect for small, intricate stitching.

All Grace machine quilting frames use a “no-baste” rail system. Each rail has the innovative Fabri-Fast slot, making fabric attachment easy without the need for quilt tacks, tape or ties. Bungee clamps are also included with each frame to achieve optimal side tension.

Each Grace machine quilting frame includes a complimentary Grace Speed Control.

Majestic Machine Quilter

\$2,300.00

The Majestic is the latest machine quilting frame in the Grace line. Designed to give you the optimal quilting experience, the Majestic has a dual-wheel track system which enhances stitch quality, accuracy, and motion. Durable steel rails, height adjustable legs, and a fourth rail come standard with this frame.

Features:

- Steel Fabri-Fast Rails
- Sets up in King (114”) or Crib (54”) work areas
- Fits machines with throats up to 18”
- Steel construction to withstand extended heavy use
- Dual-wheel track system for improved carriage motion
- Leveling feet
- Set of four bungee clamps
- Easy-to-use Hand Wheel on take up rail

Gracie King and Gracie Queen:

A quilting frame designed to fit your quilting style.

Quilt in comfort with the latest wood crafted quilting frames from The Grace Company. The Gracie King and Gracie Queen bring you more features than any of our previous wood frames. The Gracie King is our largest quilting frame yet, with a 122” work area. Both frames come with height-adjustable legs so you can work at your ideal level. Both frames can be set up in a crib size, and if you purchase the Gracie Queen, you can buy an extension kit to turn it into the Gracie King any time you want.

Gracie Extension and 4th Rail Kit**\$ 599.00****Quilt CAD Pattern Design Software****\$ 159.00**

No more spending money on expensive pantograph books and patterns that you have to scale to size! Use QuiltCAD to print custom-sized pantographs, blocks and borders from your home computer. QuiltCAD comes with over 200 patterns, and you can create unlimited patterns of your own – even design and trace patterns from photographs! Easily bring your ideas to life with this user-friendly software. Designing and printing pantographs has never been so easy!

Features:

- Includes extensive library of over 200 patterns (blocks, continuous lines, corners and more!)
- Create and design your own pantographs, blocks and borders
- Personalize your quilts by importing photography to trace and create patterns
- Includes easy-to-follow tutorials
- Works with Windows 2000, XP, Vista and Windows 7 operating systems
- Optional Import / Export Modules available

* Printer not included

SureStitch Stitch Regulator

\$ 795.00

The Grace SureStitch is both a stitch regulator and constant stitch speed control. In stitch regulation mode, it takes advantage of your machine's full range of speeds. As you speed up and slow down, SureStitch adjusts your stitching speed, keeping your stitches more consistent.

Features:

- Easy controls at your fingertips: on/off, pulse, stitch length
- Dual-colour LED display warns you when you exceed your machine's maximum speed.
- Stitch speed button +/-

Pattern Perfect Basic Set

\$ 250.00

The Grace Pattern Perfect adapts onto the carriage assembly and table top of your GMQ-Pro or Little Gracie II. The stylus attachment follows the grooves, guiding you through the different patterns and designs on the template. Achieve proficiency doing perfect, repeatable patterns with very little practice! Combine and repeat patterns in interesting ways to create unique designs on your quilt. Included in the Pattern Perfect: template stylus attachment and two templates with four unique patterns each - Scallops & Vs and Dovetails & Waves.

Grace Speed Control

* Check our machine compatibility list

\$ 75.00

Features:

- The Grace Speed Control puts the power of your foot pedal at your fingertips.
- On/Off button to start and stop your machine.
- Easy to use knob controls the stitching speed.

Goose-Neck Lamp with Brite-White Bulb

\$ 75.00

The Grace Goose-Neck Lamp will light up your projects, without getting in the way!

- Compatible with any Grace machine quilting frame.
- Brite-White Bulb included.

Brite-White Replacement Bulb

\$ 25.00

- For Goose-Neck Lamp or Swing Arm Lamp
- Simulates daylight for accurate colour matching
- Soft light reduces eye-strain
- Low heat
- Energy-saving
- Longer life than ordinary bulbs (up to 10,000 hours!)

Gracie Laser

\$ 49.00

Pattern tracing is easier than ever with the Gracie Laser.

- Attaches to the front or back of your frame's carriage!
- Fully adjustable swivel
- Battery powered (AA batteries not included)
- No cords to get in the way
- Comes with four different laser tips to control the size of your laser

Hand Quilting Frames:

Features:

The Z44 and EZ3 frames use a "no-baste" rail system. Each rail has the innovative Fabri-Fast slot, making fabric attachment easy without the need for quilt tacks, tape or ties. These frames are constructed of a high-quality Baltic Birch wood, with sturdy aluminum rails.

Z44 Pro 4-Rail Hand Quilting Frame

\$ 750.00

The Z44 is The Grace Company's top-of-the line hand quilting frame, as well as the most adjustable frame on the market. Crafted from a high-quality Baltic Birch wood, it boasts height adjustable legs and a tilting work area.

Features:

- Sets up in King (107"), Queen (93"), Twin (71"), and Crib (57") work areas
- Fourth rail
- Folds for convenient storage
- Height adjustable legs
- Tilt adjustable work area (6 angles)
- Large 50-tooth ratchets provide superior tension
- Fabri-Fast Rails

Z44 Pro Super King Poles, Extends to 121"

\$ 85.00

Z44 Pro Castor Option

\$ 55.00

EZ3 Quilt Frame

\$ 429.00

Like the Z44, the EZ3 is a convenient, adjustable hand quilting frame. Its work area can tilt to four different angles and the entire frame folds up for space-saving storage during or after use. It is also made out of Baltic Birch wood.

Features:

- Sets up in Queen (96"), Crib (64"), and Craft (32") work areas
- Tilt adjustable work area (4 angles)
- Folds for convenient storage
- 30-tooth ratchets provide superior tension
- Fabri-Fast Rails
- Its streamlined design gives you the most quilting frame in the least amount of space
- When in use, the EZ3 is only 23" front to back
- Because of its unique "Z" design, your leg space is always preserved

Grace Quilt Frame Kit **\$ 65.00**
(Includes complete plans, Cog Wheels and Stops)

GracieBee **\$ 349.00**

The GracieBee traditional-style quilting frame has many non-traditional innovations. Leg joints easily slide together for a snug, sturdy, and balanced fit. Each leg rests on two separate feet, eliminating wobble. All parts fit together without the need for any extra tools to create a uniquely functional group quilting frame. When not in use, all of the pieces come together compactly for convenient storage or travel.

Features:

- Can be set up in 19 different sizes, ranging from 2' x 2' to 8' x 12'
- 4 each of the following: 2' rails, 4' rails, 6' rails, and rail connectors
- All parts and tools included
- Free box of quilters thumb tacks and one tack tool
- All parts store together compactly for easy portability

Square Hoops:

Every Grace quilting hoop is based on a simple yet profound truth, square hoops are more ideal for holding fabric than a round one. The square weave in fabric lends itself naturally to square hoop quilting, and makes it easier to achieve good, even tension on all sides.

The GraceHoop2

Designed with your comfort in mind, the GraceHoop2 can adjust in height and angle to match your work style.

Features:

- Square hoop for even fabric tension
- Stand accommodates a 24", 18" or 14" diameter hoop
- Included thread and scissor holders
- Height adjustable arm
- Tilt adjustable work area locks at any angle
- Folds up for easy storage and transport
- Swivels a full 360 degrees
- Fabri-Fast Rails
- Edge Tools for Side Tension

24" GraceHoop2 (Includes Edge Tool) **\$ 379.00**
18" GraceHoop2 (Includes Edge Tool) **\$ 369.00**
14" GraceHoop2 (Includes Edge Tool) **\$ 355.00**

Start-Right Quilting Hoop

\$ 175.00

With a fully adjustable stand and a detachable lap hoop, it's like two hoops in one! The Start-Right Hoop can quickly detach from its stand to become a lap hoop. The swivel knob makes it possible to quilt at any angle. The hoop and stand also break down easily to fit into the convenient carrying case!

Features:

- 12" Hoop
- Height adjustable stand
- Tilt adjustable work area
- Lap hoop can detach from stand
- Convenient carrying case

Lap Hoops

The Grace Company Lap Hoops provide easy and comfortable options for hand quilting. These 14" diameter hoops are perfect for up close and personal quilting.

Features:

- Adjustable outer hoop for various fabric thicknesses
- 14" diameter hoop
- Edge tools included for ideal fabric tension at edge and corners
- Rotates 360 degrees *
- Tilting work area can be locked at most comfortable angle *

* Swivel and rotating feature only available on Swivel Lap Hoops

14" Wood Swivel Lap Hoop (Includes Edge Tool)

\$ 215.00

14" Poly Swivel Lap Hoop (Includes Edge Tool)

\$ 149.00

TrueCut Cutting System:

The TrueCut cutting system is a new outlook on rotary cutting. Each product is designed with innovative features to make rotary cutting easier, safer and more accurate. At the heart of the TrueCut Rotary Cutting System is the innovative Ruler Track and Cutter Guide system, making all of your cuts straight and precise every time. On each side of the ruler is a track that works with the guide on the rotary cutter. As you move the cutter effortlessly along the ruler's track, the guide keeps your cutter from veering away or slipping off the ruler's edge. All TrueCut cutters and rulers are equipped with the track and guide system.

Additional Features:

- Ruler, now available in three sizes, in 1/8 inch increments
- Ruler has labeled 1/4 and 3/4 inch marks for easy measurements
- Slots placed along entire ruler for marking your fabric through the ruler.
- Cutter includes blade guard and locking feature for safety
- Cutter takes any brand 45mm blade
- Cutter has textured side grips

TrueCut Linear Rotary Blade Sharpener **\$ 49.00**

The linear sharpener extends the life of your blade!
You can sharpen your blade without even removing it from the cutter!

- Sharpens your blade with the same motion you use to cut fabric
- Sharpens any brand of rotary blade from 28mm to 60mm in diameter
- Includes a long-lasting, high-quality sharpening stone
- Nonskid bottom surface allows for safer sharpening while keeping hands clear of the blade

TrueSharp Power Rotary Blade Sharpener **\$ 79.00**

Stop wasting money on new blades! The TrueSharp Power Sharpener sharpens your rotary blades with the push of a button. Sharpens 28mm, 45mm, and 60mm blades.

Original TrueCut Rotary Cutter **\$ 37.50**

- Includes Cutter Guide
- Locking safety guard
- Takes any brand 45mm blade
- Textured side grips
- Left or right handed.

My Comfort Cutter: Customize your cutter's handle with your own designs, photos or fabric!

Comfort Curve Handle

The unique handle design aligns your wrist naturally, placing all cutting power directly over the blade, eliminating stress in the wrist and arm.

Like the original cutter, the My Comfort Cutter works with the Ruler Track to give you straight cuts every time. It can also use any brand blade and be set up for left or right handed use.

28mm My Comfort Cutter	\$ 29.95
45mm My Comfort Cutter	\$ 39.00
60mm My Comfort Cutter	\$ 48.00

TrueCut Rulers

All TrueCut Rulers come with the TrueCut Ruler Track. This raised edge, combined with the guide on the cutters, is what makes it possible to achieve straight, precise cuts every time.

All TrueCut rulers share the following features:

- Precise measurements in 1/8 inch increments
- Labeled 1/4 and 3/4 inch marks for quick and easy measurements
- Slots placed along entire ruler for marking fabric through the rule

6.5 x 6.5 inches	\$ 16.95
6 x 24 inches	\$ 32.00
12.5 x 12.5 inches	\$ 32.00

TrueCut Cutting Mat

- Comes in three popular sizes
- Self-healing and double-sided for extended use
- Includes angle reference guide lines in easy-to-see colours

24 x 36 inches	\$ 75.00
18 x 24 inches	\$ 49.95
12 x 18 inches	\$ 24.95

TrueCut Non-Slip Pad

- The Non-Slip Pad enhances both accuracy and safety.
- Place it underneath any cutting mat to hold it securely in place for precise cuts
- Available in three sizes.

24 x 36 inches	\$ 49.95
18 x 24 inches	\$ 42.00
12 x 18 inches	\$ 32.00

TrueGrips	\$ 7.50
------------------	----------------

For straight, accurate cuts, you need to keep your ruler from slipping. TrueGrips help you by adding a completely non-slip surface to any ruler.

- Comes in a pack of 15
- Transparent for easy fabric visibility
- Safeguards against slipping
